Deb/Suzanne

Sorry for getting this too you so late. Rob Stites developed a brief background for you on this topic that gives an overview of his review of the site. It is not an NPL site and the Federal Facilities program has disinvested in oversight of non-NPL FF sites over the past several years at the direction of HQs. Rob also found commentary that [Ex. 6 Personal Privacy (PP)] provided to the Corps of Engineers on their ROD (Corps is responsible for the cleanup-contracted by the Army for this site) and I have asked him to bring a hardcopy to the pre-brief tomorrow for your information.

See you tomorrow.

Sandy
